

# Agricultural waste workshop – managing on-farm carcasses and plastic waste

Join Leduc County and Farming Forward for an in-person workshop where you will learn about practical carcass disposal options as well as a producer-first look at why on-farm plastic recycling matters – including how it can support sustainable farm management.

Participants will also see a live demonstration of an innovative, producer-designed adaptation of a silage bag compactor.

- ▶ **Date:** Tuesday, March 31
- ▶ **Time:** 1:30 to 4:30 p.m.
- ▶ **Location:** Detimdale Holsteins (23325 Township Road 490, Leduc County)
- ▶ **Pre-register** at [www.leduc-county.com/ag-waste-workshop](http://www.leduc-county.com/ag-waste-workshop), call Kim at **780-387-6182** or scan the QR code below
