

## County of Wetaskiwin No. 10 Municipal Policy

Department:

Policy No.

62.2 Agricultural Services

62.2.3

Title Control of Clubroot Disease in Canola

### 1. Policy Statement:

1.1. This Policy is a control measure to prevent the growth and spread of clubroot in canola crops.

### 2. Guidelines:

2.1. Inspections will be conducted by the Director of Agricultural Services or by an Inspector appointed by the County of Wetaskiwin No. 10 Agricultural Service Board.

2.2. The owner or occupants of the land who are disturbing the soil will have the responsibility to follow best management guidelines set out by Agriculture, Forestry and Rural Economic Development (AFRED) to reduce the spread of disease with the movement of soil and equipment.
