## Defining the Plan:

GOAL	Outcome
<b>LEVEL OF SERVICE</b>	A level of service is high-level statement that defines the County's commitment to a particular service and outlines what the public can expect to receive.
<b>TACTICAL ACTION</b>	Tactical Actions are measurables that are assigned to Directors/ Staff to complete in order to provide the public with a particular level of service.
<b>OPERATIONAL TASK</b>	Operational Tasks and Business Plan Tasks are the day-to-day activities that County staff complete in order to support a Tactical Action. These tasks will develop the business plan for department.

## Key Focus for 2025:

1. Leadership & Governance:
  - a. Enhance customer service and citizen engagement.
  - b. Foster partnerships with community groups for Municipal Reserve (MR) land management, requiring business plans to ensure sustainability.
2. Strong Communities:
  - a. Growth is a priority but must respect the County's rural heritage and protect agricultural land while supporting local businesses, attracting investment, and fostering sustainable development.
  - b. Invest in recreational infrastructure, including Twin Lakes trails, day-use areas, and winter access, through community partnerships and cost-effective initiatives.
3. Municipal Asset Management:
  - a. Roads are a top priority.
    - i. Implement multi-year maintenance and capital plans with a focus on small-scale upgrades rather than large capital projects.
  - b. Develop a comprehensive maintenance plan for mowing, spraying, brushing, and drainage, with prioritized objectives (aesthetic, eradication, safety).
  - c. Commitment to innovation in road maintenance, exploring options like oiling, calcium, and mechanical stabilization.
4. Communication & Collaboration:
  - a. Build stronger connections with stakeholders through transparent communication and cross-departmental collaboration to optimize service levels.

5. Fiscal Responsibility:

- a. Focus on long-term financial sustainability with incremental tax increases and strategic use of grants, government funding, and reserves.
- b. Prioritize modernization of financial systems to improve efficiency.
